GENERATION HOUSING

Leading the North Bay's pro-housing movement

At **Generation Housing**,
we envision vibrant
communities
where everyone **can**
contribute to an
equitable, healthy, and
resilient North Bay.

This **begins** with
homes.

5 Action Steps for a Vibrant, Prosperous Community

Zone for People:

End exclusionary zoning.

- + Allow up to 4-plex housing in single-family zones and expand zoning for Missing Middle small apartment complexes.
- + This also empowers homeowners to maximize the value of their property, and takes a step toward righting the wrong of decades of discriminatory zoning practices.

Percentage of Zoning Reserved **Exclusively** for Single Family Homes

What does the **future** look like for neighborhoods zoned only for SFHs?

Age vs. Single Family Homes

Neighborhood	% Single Units	Median Age
Glen Ellen	100.00	57.5
West Petaluma	86.55	46.6
Cotati	62.02	44.3
Bellevue (south Santa Rosa)	25.81	28.7

Fast & Fair:

Streamline housing development by integrating Design Review Boards into Planning Commissions.

This accelerates housing projects while still ensuring transparency and accountability in decision-making.

+ Cotati, Healdsburg, and Petaluma
have already done this

Incentivize Affordability

Support near-term construction of Affordable and affordable-by-design workforce housing by:

- + offering a **three-year temporary fee waiver** for affordable and affordable-by-design workforce housing
- + adopting fees based on square footage.

People & Planet over Parking

Let developers and their tenants make climate-smart decisions on parking needs by eliminating costly and heavy-handed parking mandates.

Bring **Millions** to Fund Housing:

Pass a **resolution** endorsing the BAHA regional bond measure to bring at least **\$403M to Sonoma County**, and **\$179M to Napa County**, for housing production and preservation.
